MEMORANDUM FOR: Chief, Support Division, OSA
SUBJECT: OXCART Staging Base Organization
REFERENCE: Memorandum to C/OD/OSA from C/PERS/OSA,
dated 25 March 1963; subject: Refueling
Bases (OXC 4731-63)

1. With regard to referenced memorandum, it is recommended that an organizational structure be formalized which will accommodate the following suggested concepts:

a. Military Details:

The Commander and POL man will be responsible to, and work directly for Project Headquarters. That is, they will receive policy guidance, logistics and administrative support directly from this Headquarters.

b. The officer involved at each detachment should be the key contact at the base (assuming no Chief of Station or other permanent agency man is assigned) for CIA, as may be required.

c. Subject detachments would come under the direct operational control, and be responsible to the senior designated TDY Staging Unit Commander when his location is supporting [] deployment.

2. In the event this basic concept is considered feasible, and is agreed upon by all interested parties,
